**Environmentally Friendly Fabric:**

- Canopy made from recycled plastic
- The fabric is produced by crushing & heating the recycled plastic to make the fibers used to create the fabric

Using recycled plastic allows us to:

- Decrease air pollution
- Create a safer non-poisonous high quality product
- Environmentally friendly handles
- Composed of 65% recycled product and 35% propylene
- Recyclable handle will decompose
- Advantages: Using recyclable product decreases the use of petroleum in the production process
