

Self Watering Planter

Usage Diagram

Item Information

This simple passive hydroponic system provides the perfect amount of water to your plant, ensuring you never over-water or under-water

Each planter set includes a ceramic planter, a glass water reservoir, 2 hydroponic wicks, a seed packet, and a peat pellet packaging in an informative brown kraft box

To keep the plant properly hydrated, simply pour water into the glass reservoir whenever the water levels become low

Makes a perfect addition to the desk or shelves of both green and brown thumbs alike!
